

Improving International Healthcare

News Release

Linea was honoured to attend the Department of International Trade's Northern Powerhouse Trade Mission to Arab Health 2020.

Members of the Linea team were amongst a select group of delegates attending the healthcare conference, held in January at Dubai World Trade Centre.

Arab Health is the largest medical exhibition in the Middle East where industry professionals and market leaders from all over the world come together to do business.

The Trade Mission also included an evening with Mr Andrew Jackson, Her Majesty's Consul General to Dubai and the Northern Emirates; and Mr Harjinder Kang, Director of Healthcare UK at an exclusive reception held in the British Embassy.

"The Northern Powerhouse Trade Mission enables UK companies to build and develop international trading relationships. Arab Health is the world's leading healthcare event and provides the opportunity for us to meet with Global healthcare leaders in one location" commented CEO, Ian Chambers.
