

# Linea Awarded to HTE Consultancy Framework

NEWS RELEASE

HEALTHTRUST EUROPE

awarded supplier

We are pleased to announce that Linea has been approved for the **Healthtrust Europe Consultancy and Advisory Services Framework 2024**.

The HTE framework is designed to help public sector organisations, primarily within the healthcare sector, to access a range of consultancy and advisory services efficiently. This framework provides a structured and compliant way for organisations facilitate the efficient and compliant procurement of consultancy services, helping healthcare and public sector organisations to improve their operations, achieve strategic goals, and ultimately deliver better services.

**Linea has been approved for the following service areas:**

**Lot 1** - Business Consultancy Solutions & Advisory Services

**Lot 2** - Environment & Sustainability Advisory Services

**Lot 3** - Workforce Improvement Advisory Services

**Lot 4** - Financial Consultancy Solutions & Advisory Services

**Lot 5** - Audit, Counter Fraud & Spend Analysis Services

**Lot 6** - ICT & Digital Consultancy Solutions & Advisory Services

**Lot 7** - Estates, Construction & Building Management

Consultancy Solutions & Advisory Services.

Linea is proud to offer our expertise in delivering transformative business improvement solutions to public sector clients through the HTE Framework. Our comprehensive support is designed to drive efficiency, optimise performance, and deliver measurable outcomes across healthcare and public services. Leveraging our deep industry knowledge and innovative approaches, we work closely with organisations to identify challenges, implement best practices, and foster sustainable improvements.

*"Linea is committed to helping public sector organisations navigate complexity and achieve sustainable improvement which benefit both their operations and the communities they serve. Our teams are highly experienced in providing operational, functional and strategic support across a diverse range of disciplines. This framework ensures services are easily and compliantly accessible to the entire public sector."*

**Ian Chambers, Linea CEO**
